SUMMARY

Full stack web developer with previous experience in HTML, CSS, and Classic ASP. I was completely self-taught but have recently earned a Certificate in Full Stack Web Development from the University of Denver coding bootcamp. I am very passionate about web development and I am excited to combine my experience with my new skills to provide excellent experiences for the web. I am an eager learner and love to help others. I often helped my classmates with homework in the coding bootcamp. It felt very rewarding to help them understand a concept and walking them through problems helped to better my understanding as well.

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS3, HTML5, jQuery, SQL, NoSQL
Applications: Github, MongoDB, MySQL
Tools: Express, React, Node, Bootstrap, Sequelize

RELEVANT EXPERIENCE

Information Technology Coordinator   **2017 – present**
Ion Business Strategies   **Denver, CO**
Create and maintain a website with online registration for clients' annual conferences. Set-up, administered, and performed troubleshooting for information technology and audio-visual needs for an annual conference of over 500 participants.

ADDITIONAL EXPERIENCE

Web Developer (Contract)   **April-July 2015**
Charles Schwab   **Lone Tree, CO**
Maintain and update Charles Schwab's Human Resources website.
Key Accomplishments:
- Inventory all HR web content including pages, documents, and content owners in preparation for the migration from TeamSite (content management site) to SharePoint.
- Handled Help Engine request tickets, fulfilling web update requests and granting access to restricted areas of the SharePoint site to new employees.
- Inventoried all group and user permissions on Schwab's SharePoint site and made recommendations streamlining the number of groups.
- Cataloged and corrected errors throughout the entire Human Resources website including broken links and formatting errors.

Technology Coordinator   **April-July 2015**
University of Colorado Denver Area Health Education Center (AHEC)   **Aurora, CO**
Serve as LAN Administrator and Web Developer for Colorado AHEC home office.
Key Accomplishments:

- Daily management of the Colorado AHEC website hosted in a Microsoft SharePoint platform.
- Develop and maintain several database-driven registration applications for Colorado AHEC programs (National Western Stock Show, Annual Preceptor Conference, Student Housing, etc.) on Microsoft Access, MySQL and SQL Server database platforms.
- Setup and manage AHEC web server used for online program registrations and install and maintain MySQL database used for online registrations.
- Develop and maintain a database-driven endoscopy training site for the School of Medicine.

EDUCATION

Bootcamp Certificate: University of Denver, Denver, CO
A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, NodeJs, MySQL, MongoDB, Express & ReactJS.

M.S. Computer Information Systems – Web Design and Development Technologies: University of Denver, Denver, CO

B. S. Exercise Science: University of Louisiana Lafayette, Lafayette, LA
